Every baptized Episcopalian has vowed to proclaim with our words and our lives the loving, liberating, and life-giving good news of Jesus Christ. Through the spiritual practice of evangelism, we seek, name and celebrate Jesus’ loving presence in the stories of all people - then invite everyone to more. The Evangelism Toolkit helps us to live into that call.

**Foundations**

Get started with "The Evangelism Charter for the Episcopal Church" (an Executive Council statement of why evangelism matters to Episcopalians) and “An Introduction to the Practical Theology of Evangelism” (a brief article outlining the practice of evangelism today).

**Evangelism 101**

Designed for both beginners and experienced evangelists, Evangelism 101 equips you to reclaim and re-imagine the practice of sharing and growing their relationship with God in Christ. It features **Exploratory Exercises**, a **3-5 hour training** led by the Episcopal Evangelism Team, and **Evangelism Bootcamp** in partnership with Virginia Theological Seminary (May 31-June 2, 2018).

**Exploring Evangelism through Social Media**

These resources examine the theology and practice of evangelism and social media, and get regular folks comfortable sharing and celebrating the Good News online. This option includes materials to host a **Social Media Adult Forum, Exploratory Exercises** that can be folded into existing small groups, youth programs, and retreats, and a **White Paper with discussion questions**.

**Beloved Community StorySharing**

The Beloved Community StorySharing Campaign unites evangelism and reconciliation, equipping and sending Episcopalians to share and receive stories of faith, race, and difference. The downloadable **Guidebook** includes everything you need to join the movement, with options for coffee hour, small groups, youth engagement, a retreat, and life-long practice.
